CROSS LAKE VACCINATION ROLLOUT COVID -19 MODERNA VACCINES

BACKGROUND:

The Moderna Vaccine is a vaccine that aims to protect against COVID – 19. The vaccine is approved for people who are 18 years of age and older. The vaccine is given by an injection into the muscle of the arm. For the vaccine to work best, you need two (2) doses: a single dose and then a second dose one month apart.

This Mini-Vaccine Clinic is being held for the Second Dose following the April 7 & 8, 2021 First Vaccination Clinic at the Cross Lake Arena. The CLPPC along with the CLNS have scheduled this one day Vaccination Clinic.

For the ones that missed their Second dose at the Mass Vaccination Clinic (April 26, 27, 28, 2021), you have an opportunity to come to get your 2nd Dose of Vaccine at this Clinic. Any first time people that want a Vaccine are more than welcome to come. The Cross Lake Pandemic Planning Committee including our local Nursing Station had developed a COVID-19 VACCINATION PLAN for Residents **18 YEARS AND OLDER** of the Cross Lake Band of Indians and Cross Lake Community Council.

We are encouraging you to come get a vaccination. We are encouraging the young people to come and get vaccinated. Be proactive and stay healthy.

It's Walk-in, no appointment or pre-registration necessary. Just come get your vaccine.

Date: Thursday, May 6, 2021

Time: 10:00 a.m. to 6:00 p.m.

Place: Cross Lake Arena
