## **Vaccines**

The community of Cross Lake still has 278 people that are now overdue their 2<sup>nd</sup> dose of the Covid-19 vaccine. These people received their 1st dose on March 26, 27, 28 or April 7 and 8. This vaccine will work best if both doses are received. The 1 dose will not give you enough protection against the Covid- 19 virus.

The public health nurses are asking those who are due for their 2<sup>nd</sup> dose to book an appointment with Terrilyn in Public Health. The phone number is 204-676-5663, or 676-2011 extension 251.

These vaccines will be given during clinic hours

May 11 to 15 (Tuesday to Saturday) 1:00 pm to 5:00 pm

Thank you, from your local Public Health nurses
