Guidelines for Cross Lake Visitors
June 12, 2021**

Norway House has not reached the target of the 75% of our population being immunized. We are at 67%. Because we have 33% or 1/3 of our community not vaccinated, we need to continue monitoring travelers into Norway House if they are not Band or Community members.

- Fully vaccinated people can come visit vaccinated family only; they must notify Risk Assessment Officers, Margaret Maxwell 204-301-3004 or Lucy Muswagon 204-359-5359 before they come in.
- Proof of vaccination is required for all visitors coming in or going to Cross Lake. No card, no entry.
- Visitors will inform the Risk Assessment Officers who they are visiting. They must identify all travelers that are coming with them and all must be vaccinated.
- Travel requests are done Monday to Friday 8:30 – 4:30 p.m. Any requests coming in after this time will not be reviewed until the next business day.
- No shopping or attending gatherings by anyone from Cross Lake at this time. This is due to low number of vaccinated people in our community and limited capacity being allowed in the stores.
